Building Maintenance Technician

Fort Garry Fire Trucks is looking to hire a full-time Building Maintenance Technician. In this role, you will be responsible for ensuring the interior and exterior areas of the facility are clean and safe for staff.

Responsibilities include:

- Creating and maintaining a prioritized list of repairs and maintenance tasks
- Obtaining and presenting maintenance project quotes for approval and coordinating project execution
- Coordinating with external vendors for forklift/crane inspections, shop heater servicing and overhead door repairs
- Maintaining accurate records of maintenance expenses, supply purchases and project progress
- Performing routine maintenance and minor repairs on machinery, tools and building systems
- Directing janitorial service for routine cleaning and sanitation

Applicant Requirements:

- 2+ years of maintenance or facilities experience (industrial or manufacturing preferred)
- Basic knowledge of HVAC, plumbing and mechanical systems
- Fluent spoken and written English
- Legally eligible to work in Manitoba
